Super Shiny Windsocks Flags

Splendor a boat, a tree, business fronts, front porches or decks with our windsocks made of shiny polyester material. Each windsock has a strong metal clip on top and 6 tails that catch the breeze beautifully. Total length is 5 feet long.

Our Super and Windless flags are of the best quality in advertising flags you'll find on the market. Dye-sublimated in bold colors on a 140kg super-knitted polyester and built to withstand high winds. Measuring 11.5ft x 2.5ft, this flag demands attention when viewed from near or far.

The Super flag features a slight-curved sleeve and free-flying edge, allowing the flag to draw attention without wrapping around the pole. Assembly is easy, with the reinforced sleeve sliding over the Super pole slight-curved top.

The Windless Banner flag is an alternative option if you prefer your advertising flags to fly without depending on the wind to hold it up. Featuring a curved sleeve, reinforced to slide intact over the Windless pole curved top.

Don't see the flag you need? Let our designers create a custom flag for you. Please view page 127 for more info.

For Hardware & Accessories , please view pages 119-121

Custom Products

Our design department has years of experience in creating unique artwork for many clients. If you're looking for something fresh or just need assistance in creating your custom flag, our team is readily available, making it easy and providing personalized service. For print-ready artwork, there are steps you can take to ensure that you are getting the best possible results on your custom orders.

ARTWORK CHECKLIST

To ensure the best quality on all orders, please check the following before submitting artwork:

Saved as an acceptable file type (vector art is always recommended)

All fonts & stroked are outlined

Artwork has been proofed & spell checked for errors

Solid coated Pantone colors are included in artwork

Artwork is sized correctly for requested product

Recommended File Types:

.eps (Encapsulated PostScript)

.ai (Adobe Illustrator Document)

.pdf (Portable Document Format)

KNOW YOUR OPTIONS

These are the standard finishing and construction options for printed flags.

Single-Sided:
Printed on one side with full ink penetration so the reverse image is visible on the backside.

FRONT

BACK

Double-Sided:
Constructed as two printed flags sewn back to back with a lightweight innerliner sewn in between.

FRONT

BACK

Heading & Grommets:
Standard finishing for flags larger than 2x3ft. Heavy duty, 9 oz. pure white poly sateen heading with two brass grommets.

Heading & D-Rings:
Custom finishing option for flags larger than 8x12ft. Heavy duty, 9 oz. pure white poly sateen heading with heavy D-rings.
