STAKE LIGHT STAND

The Stake Light Stand is proudly made in the USA! The Stake Light Stand allows Solar LED Lighting to be featured on excessively hard ground, cement, asphalt, & wood surfaces. It is manufactured of all heavy-duty aluminum material and adjusts to (19) different vertical and horizontal positions. The pole holder which will take a round pole from 1/4" up to 1" in diameter is mounted to a plate that is 3/16" thick X 4" wide X 14" long X 3" high (when holder is in folded position). The thumb screw allows the pole to remain securely in place. The Stake Light Stand plate can withstand extremely heavy weights if needed including vehicles.

FOB: [Washington](#)

Thank You,
Jeff Alan
