NATIONWIDE FLAG REPLACEMENT PROGRAM

1. Please keep the box your flag came in so it can be used later.
2. Let us know the size of your flag, the quantity of inches from the right-hand side the flag is torn, and whether your flag has (6) Rows of Reinforced Stitching on the fly-end or has been Reinforced Bartack Stitched. If there is enough material from the right-hand side that can still be cut off and restitched, we will let you know the price including shipping and handling to have the flag resewn.
3. After the flag has been returned to the production facility who manufactured the flag, they will re-confirm there is enough material left to cut off the torn section and restitch the flag so it will still fly properly for additional months to come.
4. After you approve the price including shipping and handling, and after we receive payment, your Flag Repair will go into production.
5. Please note: Banner Marketing Group does not guarantee the quantity of days or months, the restitched flag will be able to be used. The wind, moisture, and sewing all affect the performance of a flag.

WE MEET YOUR FINANCIAL BUDGET!

Why Choose Banner Marketing Group?

*WE OFFER MILITARY DISCOUNTS FOR
PERSONNEL AND THEIR FAMILIES!*

- We meet your budget
- We're not just order takers
- We work to obtain your goals
- We meet your in-hands deadline dates

- We provide 24/7 live associate support
- We supply products manufactured coast to coast
- We supply the customer service you remember receiving years ago
- We help you choose the correct product with the correct specifications

Testimony ★★★★★

"On behalf of everyone here at Clevedon School can I say a huge thank you for turning this around so quickly. An unusual request indeed, but you were the only company to respond and take on the challenge, with such short notice. Thank you so much Jeff!"

Jim Smith
Headteacher at Clevedon School Organization, United Kingdom

(Since 1983)
