• **FLYING BALLOONS** have high visibility making them ideal for grand openings, trade shows, marketing displays, and promotional exhibits. With visibility up to 3 miles away these balloons are a great way to mark your location.

• **FLYING BALLOONS** are constructed with the highest quality of material and are made out of .18mm Laminated PVC or PVC coated Nylon.

• **FLYING BALLOONS** can be custom printed with your brand colors & logos. We use screen painting or full digital color image reproduction to create a lasting impression for your brand.
