Pennant Poles with Custom Printed & Stock Color Pennants

Pennant Poles rotate 360° and flow horizontally in the slightest breeze. Pennant Flags are easily changed using a tension arm system and sleeves of the rotating yoke. The telescopic fiberglass flagpole displays a 2' X 14' Pennant Flag. The flagpoles gently flex in the wind when flying the Pennant Flags as shown in the following link: <https://www.youtube.com/watch?v=zkhXODLn77o>

- Three-piece fiberglass telescopic pole extends from 7½' to 19', with rotating yoke that holds a 2' X 14' Pennant Flag
- Pennant Flags are available in 70 solid colors (shown below) or with single-sided custom printed 4-color process images, photographs or copy
- All custom printed pennant images, photographs or copy are always visible when there is no wind!
